25X1

The following information was received on airfields in Hungary:

Airfield Date of Observation Observation and Evaluation

25X1

Papa  
(P 48/7 30)

Occupation: 16 to 18 silver-colored jet planes with considerably high rudder assemblies and covered with tarpaulins except for four planes; 20 to 25 single-engine planes; 18 to 20 twin-engine planes near the three hangars. There was no flying. From 120 to 150 Soviet soldiers were observed near the aircraft

25X1

Kalocsa  
(Y 6/N 31)

On 1 August 1951, construction started on an airfield west of Kalocsa, just north of the road to Foktoe (Y 5/N 21). [redacted] grading work on the field which is in the vicinity of the new barracks buildings. No construction started on the buildings at the field. [redacted] \*\*

25X1

25X1

\* [redacted] Comment. It is believed that the occupation of Papa airfield has not changed.

25X1

25X1

\*\* [redacted] Comment. This is the first report on the construction of Kalocsa airfield.

For location sketch, see Annex.
